Lippincott
PROCEDURES

Supporting Your Journey to Achieve Clinical Excellence
Always Current. Always Evidence Based.

Lippincott Procedures delivers instant, online access to evidence-based best practices, empowering clinicians to standardize care, achieve clinical excellence, and improve empirical outcomes.

This cutting-edge software helps organizations create an exemplary professional practice culture that promotes enhanced care coordination and continuity of care, supporting your journey to meet the latest 2014 Magnet Recognition Program® standards.

ADVANCING CLINICAL EXCELLENCE

Designed by nurses for nurses, *Lippincott Procedures* is a web-based step-by-step guide to over 1,700 procedures and skills from a wide variety of settings and specialties, including medical-surgical, critical care, obstetric, pediatric, neonatal intensive care, pediatric intensive care, perioperative, oncology, behavioral health, long-term care, and more. The product provides:

- Detailed step-by-step instructions using the latest evidence-based practices

- Superb visual guidance with hundreds of video clips and full-color images

- Skills checklists and competency tests designed for training and competency assessment

- Easy browse-and-search functionality to quickly find the procedure you need

- Regular updates with the latest clinical evidence

STANDARDIZING PATIENT CARE

Our solution easily shares procedure information across your entire organization, enabling your nurses to perform critical techniques consistently, resulting in high-quality, standardized patient care. Consulting the same reference also helps clinicians increase efficiency, foster greater patient safety, enhance the quality of care coordination, and improve interprofessional collaborative practice.
