Mail to: Hospice of Dayton Foundation
324 Wilmington Ave. Dayton, Ohio 45420

*Brick-by-brick, a walkway is built...
garden-by-garden a vista is created ...
heart-by-heart, you leave a legacy
of love.*

Celebrate the life of someone you love with whom you shared precious moments by choosing a personalized plaque or garden on the campus of Hospice of Dayton. Ask about other available naming opportunities such as statuary, fairy gardens, planting beds, waterfalls, arbors, and benches.

Our campus has been creatively designed by award-winning landscaping professionals to provide a comforting stroll for families visiting their loved ones. It also provides our patients with views from their rooms of well-manicured grounds featuring butterfly gardens, shade trees, flowering plants, water features and unique statuary.

or Marsha Bernard at mbernard@hospiceofdayton.org for
more information or to place your order.

Many visitors to Hospice of Dayton's campus have received comfort from the beautifully appointed grounds and views visible from each patient care suite. Our remembrance walkway is one of the most unique aspects about our main campus. It was built brick-by-brick and heart-by-heart and continues to provide a lasting tribute to those whose lives are being honored. Some of our newer features include statuary, soothing waterfalls and beautiful gardens. Also new is the memory plaque – each plaque represents the name of a special friend or family member.

Our campus and its special features provide tangible ways for friends and family to remember or honor their loved ones. Proceeds from these naming opportunities go toward supporting our mission of providing comfort, compassionate care, and supportive grief services for those at end-of-life.

Many family members and friends enjoy returning each year at a special time to visit their memorial brick, plaque or garden and reminisce. Our varied naming options are also purchased in honor of friends to celebrate a wedding anniversary, birthday or special award. For example, co-workers might contribute toward a plaque to celebrate the retirement or promotion of a co-worker. A family might purchase a garden as a living legacy to honor their entire family.

For family members who live far away from the Hospice of Dayton campus, or for those who want a permanent copy of their memorial plaque, we also offer mini-plaques or framed prints of garden signage.

Group dedication services are held annually. However, families may request special private dedication services for gardens, rooms and statuary.

Order Form

Please print inscription below, or attach a separate sheet, if desired. Remember, each line of type may only contain 25 characters, including punctuation and spaces. For example:

In(sp)memory(sp)of
Jennifer(sp)Mary(sp)Walk.

Please notify the following individual of this gift:

Name _____

Address _____

City/State/Zip _____
